Controlled Access: Security, Vehicles, Parking

Adopted December 11, 2018

Controlled Access: The Controlled Access of people to homes and their contents and to facilities within Mission Trace is of utmost concern to the Association and to residents. We must all do our share in keeping Mission Trace as safe and secure as possible. The primary mission of the Controlled Access Committee is to advise the Board of Directors on issues affecting the access and control that provides security and safety to homeowner and resident homes and contents, in as reasonable and productive manner as possible, by adhering to the governing documents and policies.

Access and Security:

The guards manning the entry gate and the patrols are employees of a professional security service contracted to control access and provide a measure of security to Mission Trace. The entry gate is manned 24 hours per day, seven days per week. The guards are there to ensure only residents and authorized visitors are allowed entrance to Mission Trace.

- No vehicle will be admitted without either a resident decal or prior authorization by either a resident or management.
- To place anticipated visitors on the admission list, notify the guard at the entry gate either in person or by calling 210-690-0585 or by email at missiontracegate@gmail.com.
- Persons may be placed on the "Admit Any Time" list by residents delivering such a list in person to the guard at the gate. Lists should be reviewed by the resident periodically to ensure they are current.
- Each resident household will have recorded at the gate a Personal Identification Number (Gate Code). The number is created by the resident. It will be used by the resident as a means of positive identification when contacting the guard by telephone, when entering Mission Trace in a vehicle without a Mission Trace decal and on other appropriate occasions when it is necessary for the guard to ensure proper identification.
- Infractions of these rules should be reported as soon as possible to the Security Guard on Duty or to the Office Manager or the Controlled Access Chairperson.

Vandalism should be reported as soon as possible to the Security Guard on Duty or to the Office Manager or the Controlled Access Chairperson. The Board of Directors has authorized the payment of up to \$500 for information leading to the arrest and conviction of persons committing vandalism in Mission Trace.
